My Style

Your wedding day is very important to me. It will be filled with limitless joy and excitement, and this wonderful day deserves someone who will start off your morning with equal parts enthusiasm, but at the same time keeping everything calm.

My favorite part of the morning is when I first arrive, and the room has that quiet buzz of excitement and all the details are laid out just waiting for showtime. Nothing brings me quite the sense of joy as making women look and feel their best on such a special occasion.

I believe in bringing out the best in your features and telling the story of your own unique beauty. I promise to work closely with you to understand your vision for your wedding day and use my experience and skills to bring it to life with an attention to natural, glowing skin and soft glam looks.

Frequently Asked Questions

Q. Do you have experience with Ethnic/Acne/Mature skin types?

A. Absolutely!! I specialize in custom-blended makeup to match any skin tone no matter how dark or light. I LOVE working with the many different shades and tones of beauty! I also have a full range of professional skin care products that I use to prepare delicate, mature, sensitive or acne-prone skin before makeup application to achieve the very best results.

Q. What is the best look I should do for my wedding?

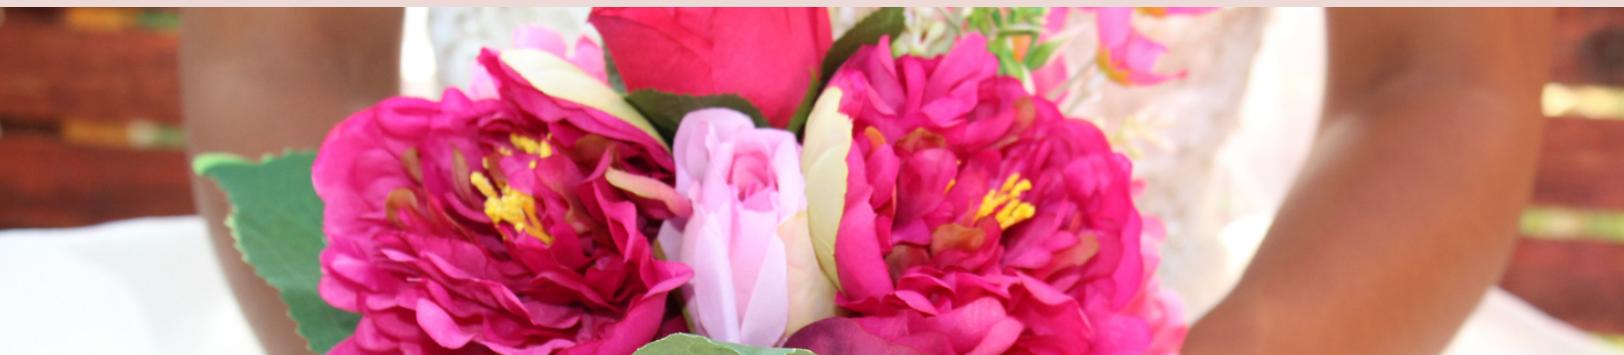

A. I recommend to go with what makes you feel comfortable. However, keep in mind that the goal is for you to look and feel like yourself (whether you wear minimal to a lot of makeup). Be open and honest with me. Do not be afraid to hurt my feelings as this is your day. So if you want to go with a green eyeshadow... Go For it. We will work together to make it work so it is very flattering in your pictures for years to come.

Q. What if I'm not used to wearing makeup?

A. I always work with each client to ensure he or she looks their absolute best. If you are unsure about makeup, I will work together to create a look that enhances your best features and plays down the areas you may not be as happy with. I don't want you to feel that I've transformed you into someone no one recognizes anymore – unless that's how you want to look!

Q. What is the difference between "AIRBRUSH & TRADITIONAL" makeup?

A. "Traditional" makeup is the process of custom mixing foundation and using brushes and other tools to apply the products. Traditional makeup is the easiest way to control the amount of coverage for your special skin needs. When you think "traditional," think liquid, cream and powder foundations. Airbrush makeup is makeup utilizing an airbrush machine, which breaks down the makeup into small particles and shoots it out of an airbrush gun using compressed air. Airbrush makeup is quick and is great for use in tattoo coverage. Airbrush makeup is good for those who want light coverage to medium coverage. It is a great option for summer brides when heat and humidity are high.

Your makeup are going to be in every single photo that you will take, and on the most photographed day of your life you want to look and feel like the most beautiful radiant version of yourself.

With so many talented options available, how do you see past the ocean of pretty images and know who to work with? Because I do not take on more than one wedding a day and limit the number of brides each month, I can fully devote my time and attention to making your experience relaxed and luxurious.

My commitment to your peace of mind means that I bring the luxury and convenience of on location makeup services right to your doorstep, with a fully loaded arsenal of professional quality products, lighting, seating, and more.

But your experience doesn't stop there. In addition to helping my brides navigate the details of their look, I craft each part of the process to your needs. I'll help you create the perfect morning-of timeline that allows for each member of your party to feel pampered as they receive makeup services.

I get to know your wedding day planner and photographer to keep everything running smoothly and coordinated like a well oiled machine. Allow my 9+ years of experience helping brides work for you!

WHY I'M DIFFERENT

Relax in the comfort and privacy of my studio while we work to create a look that is timeless and tailored to your tastes.

Not sure what look you're wanting? I have a look book, that can help you find your perfect look. Bring your accessories and we can go from there.

When we're done, it's time for your photoshoot! We'll capture your look on camera, and I'm happy to send you a copy of the photos.

Additional Artist

If you have any other questions about timing or the number of artists needed, you came to the right place.

PROFESSIONALS: Services refers to the total number of makeup applications on the wedding day.

For example: 2 people makeup equals 2 services. Additional artists are required when there are more than 7 services booked or time frames less than 4 hours.

TIMING: All weddings are booked for between 4 to 5.5 hours. This allows us to get everyone ready in a reasonable timeframe without having to get your bridal party up too early. The number of artists required to fit in this timeframe is as listed. For shorter time frames, please inquire for specific quotes. Should your venue have requirements for what time we can arrive to get started, this may necessitate a shortened time frame and additional artists to complete.

Payments

Payment for your wedding is done in three parts:

Deposit:

This pre-pays for your trial and closes the date to booking by another bride. The deposit is 50% of your total cost, and is non refundable.

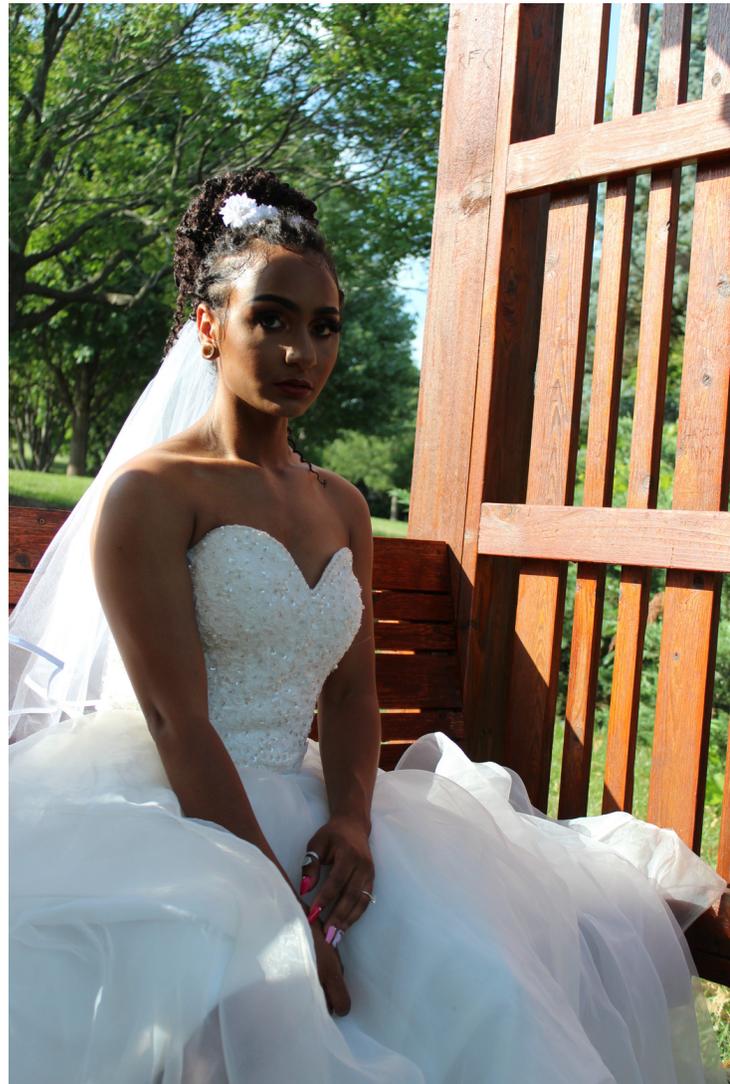

Day of Services:

This is for all last minute services. 14 days or less. A deposit of 75% is due and contract must be completed in person.

Balance:

The remaining balance and any add on services is due 14 days before the wedding date so that you can relax and enjoy your getting ready process.

You can make payments either in person or online. You can pay either with cash, check or card. All major credit cards are accepted. All payments are available online for your convenience.

Keep In Mind...

As with all wedding vendors, we book 6-12 months or more in advance. In the Omaha area, spring and fall dates are closer to 12 months, with winter and summer being closer to 6-8 months. Booking makeup is unlike scheduling an appointment at the salon.

Inquiries come in daily, and dates book quickly! That means that while we don't want to rush your decision, we cannot guarantee availability without a signed contract and retainer. If you're ready to check one more thing off your to-do list and relax when it comes to booking your makeup, just let me know! I'll prepare the deposit to hold the date until we meet for a trial, and all you have to do is sign and pay online in just a few clicks
